

GARBAGE DISPOSAL IS PUT UP TO CITY

Plans for Municipal System Call for Nearly Cost of \$10,000 to \$15,000.

Whether the city council will be willing to pay between \$10,000 and \$15,000 yearly for an adequate system of municipal garbage removal, is the question which the board of health will put before the council members at their meeting Monday night. This was decided by members of the board of health, Dr. P. J. Welch, health inspector, Dr. J. Woodworth, sanitary inspector, a Woodworth, from the Federation of Women's Clubs of the city and other citizens interested in adequate garbage removal for Janesville who met jointly in the municipal court room of the city hall last night.

Present System Falls.—All present were agreed on the following points: That the present collection system has failed and a new one must supplant it as soon as possible; that the collection should be able to be free to every citizen, the money being paid out of the taxes.

In main, two future plans were discussed. One was whether the city should let a contractor to come to collect all garbage, pay him and let him dispose of it as he sees fit, whether this be by burning, burying, or whether the city should have its own wagons, its own collectors and dispose of its own garbage. The latter plan was in greater favor at the meeting.

Not Handled by City.—P. W. Kout, member of the old garbage commission, testified as to the reasons for the failure of the old system. He said the problem was the fact that the city did not handle the work itself. Others testified as to the failure of garbage collection in other places where it had been attempted. Mr. Kout said that the garbage came in and purchased the garbage from hotels and restaurants. The council then was unable to enforce the city ordinance.

License Is Proposed.—The question of how to keep outside companies from coming in was discussed. It was agreed, upon the suggestion of R. D. Harmon, member of the board of health, to put a way to solve this problem was to put a heavy penalty by license on all outside collectors.

Alderman Edward F. Badger suggested that the city take over the garbage for the next ten years. The old vacant gravel pits would then be available, he said. Joseph M. Connors, vice-president of the board of health, who presided at the meeting, in the absence of Harry H. Bliss, president, suggested that should the city take over the collection and let the contract to do the work to one man, that Henry H. Peters, who has had a great deal of experience in this work, might be available for the position.

Tuohunter Too Expensive.—An incinerator for the burning of garbage was discarded as a possible plan because of the installation expense. It was thought that if some regulation were enforced, such as keeping broken dishes out of cans,

the city might sell its garbage to farmers for hog feed, thus deriving a revenue from it. It was agreed that the board of health present its plans to the city council for action Monday. Should the council act favorably on municipal collection on the grounds outlined, Mr. Connors estimated that the plan to be put in operation. Some figures as to the cost are being worked out by Dr. Woodworth.

Voice of the People

Editor Gazette: I have just been reading the Wisconsin Leader the paper printed in Wisconsin by the Non-Partisan League and I did an account of the labor picnic to be held here on Labor Day. In that account is a statement that W. L. Forrest, chairman of the Rock County Non-Partisan League, has been sending a letter to the farmers of Rock county in which there is no secret that the picnic is merely a political move with the intention of clearing the Non-Partisan League and La Follette tickets in Rock and Walworth counties. Here is the letter to which I refer:

To the Farmers of Rock and Walworth Counties: Greetings to our fellow toilers. A recent meeting of workers from the various industries of Janesville it was decided to hold a celebration on Labor Day, Monday, September 6, 1920, at Riverside park, Janesville, Wis. Among the various subjects under discussion will be the question of getting the farmer and city worker on matters that are of common interest to both parties, more so in the coming election, and with this in mind the committee in charge is taking the pleasure of extending to the various farmers' organizations of Rock and Walworth counties a heart-felt invitation to take part in the Labor day celebration.

The program of the day will be started with the largest parade ever held in the city, and we are reserving a place in the parade for your organizations and hope to see the tillers of the soil respond in large numbers. The parade will start from the Court House park at 9 a. m.

All kinds of sports will be held at Riverside park. Robert M. La Follette will be the principal speaker of the day. Other able speakers will be present. Let the progressive forces stand shoulder to shoulder and carry back and Walworth counties in the coming fight against the forces of reaction.

Let me know about how many of the boys will take part in the parade. Yours for closer co-operation, W. L. FORREST, Gen. Del., Janesville, Wis. I think this is sufficient evidence to anybody that the American Legion, which is not a political body, has sold ground for its refusal to participate in this political game on Monday, September 6.

LEGION CALLED TO SUPPORT LENROOT

State Officials Refute La Follette Document, Hits Thompson Stand.

Wisconsin Rapids, Wis., Sept. 2.—The American Legion of Wisconsin has been called officially to rally to the aid of Senator J. L. Lenroot, because of a campaign document circulated by the nonpartisan league LaFollette headquarters at Madison.

H. M. Gibson, of Wisconsin Rapids, department adjutant of the American Legion in Wisconsin, has issued an official bulletin. The bulletin is in part as follows: "I am in receipt of a letter from the Service, Men's Progressive Association of Madison, Wis., addressed to all Wisconsin service men, and signed by J. E. Johnson, as secretary."

The letter is a political document appealing to former service men to vote for James Thompson for United States senator. "Inasmuch as the letter is an attack upon Senator Lenroot and is full of untruths and half truths, and as Mr. Thompson seems to be aligning himself with the socialists and other elements of unpatriotic citizens who are not of American political parties, but on the contrary are in favor of internationalism or world combination to destroy our existing democracy of the United States and substitute a system of socialism like that in Russia by Lenin and Trotsky, I take the opportunity of giving the facts to all American legion and former service men."

Mr. Thompson claims he is in favor of a bonus bill for the former service men and intimates that Senator Lenroot is not. Mr. Thompson's letter camouflages the issue when he makes that statement, for Senator Lenroot has been one of the strongest backers of our soldiers' bonus bill. His pledged word was given men in a letter which went out of these headquarters in a bulletin under the date of June 8.

Corrects Mistatement.—"Mr. Thompson's letter," says again, "The legion therefore, specifically, presented the matter to congress. The house held the bill until it was about to adjourn and then passed it. It went to the senate and died in a pigeon hole." "This is a deliberate misstatement, as the bill is alive and will be alive until March 4, 1921, and we are counting on Senator Lenroot as help put it through the senate when it convenes again next December."

Assuming that Mr. Thompson was mistaken when he said the bill died in a pigeon hole, in any case he is unfit to be United States senator, for if he did know the bill was alive until March 4, 1921, he has not knowledge of important public affairs, and if he did know it, he deliberately falsified in order to deceive the legion and former service men to vote for him.

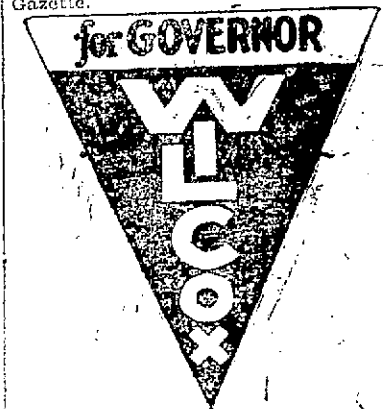

In a speech in Wisconsin Rapids,

Aug. 29, William Coleman, candidate for governor on the socialist ticket, said in substance that ten tickets and any amount of ammunition were placed with each and every American legion throughout the United States, and purpose of the distribution was to subdue the laboring man.

"There has not been a rifle distributed to any American Legion post in the state of Wisconsin. The state commander and state adjutant must, before any rifles can be distributed, give a bond to the United States government for \$5 per rifle, and such bond has not been executed."

"Every legion post in Wisconsin knows that congress passed a law allowing 40 obsolete rifles to post for ceremonial purposes only and for firing squads for their dead comrades. Only blank cartridges may be obtained for such ceremonies."

MANY EXPECTED TO HEAR SOLDIER BAND IN CONCERT, MONDAY
In demand at 14 state fairs throughout the country and declared to be second only to Sousa's famous band, the “Million Dollar” band will appear at the Congregational church here Monday, September 6, in two performances under the auspices of the American Legion. The engagement, which provides a concert in the afternoon and another in the evening, is the second appearance here of the band. The first was on November 1, 1919, in October of last year, Harold Bachman is the leader. It is expected that scores will leave other engagements to hear the band again.
Cornet and violin solos will feature a program that has 12 numbers. A woman soloist will also appear. The band is the musical organization of the Sunset division, American expeditionary forces. Throughout the war it served to keep the boys in the trenches and the morale of the troops. The band is the cause of its name, when General Ligette, after listening to it perform, declared: “That band is, without a doubt, dollars to the American army.”
Come Over to Our House and hear latest Brunswick release, “Jean.”

25 DISABLED VETS. ACCEPT U. S. OFFER
Monona Dunn, placement officer for the federal board of vocational education in Janesville, today accepted the offer of 25 disabled soldiers and arranged for further education under vocational education act. In Janesville there were more than 130 to whom the act applied and who had rights under the act but many of these were transients who had left town. On Thursday, 25 cases were disposed of and almost as many today.
“All over the country,” Dunn said, “there are contact units similar to this one whose duty is to effect equitable adjustments between the government and the disabled soldiers. We are using schools, shops and factories to teach them something new. We have to teach them again and we have to teach them further along their own line so that by less strenuous work they can earn as much as they were getting before they were injured in service.”
Offices of the local contact unit are in the local contact room, the second floor of the federal building. The placement officer will remain there all of Saturday and perhaps part of next week.

Many Folks Are Underfed
You've seen them—folks who look as if they never had enough to eat.
They have what the doctors call “malnutrition.” They are underfed. They eat the wrong foods. Their appetites need coaxing. “Lots of good milk” is the remedy. Milk is easily digested. It is the perfect food. It contains everything the body needs and supplies it in the right proportion.
Folks with appetites jaded with too much rich, highly spiced food should try the milk diet.

NORTHWAY MOTORS IS TOPNOTCHER; PROMISE FIGHT

Janesville folks have been priding themselves on having one of the biggest units of the General Motors located in this city. The nearest most to it is the local branch of the organization in the world has been through the use of one of its many products, namely the riding around in one of its several makes of automobiles. This week-end, the inhabitants of this burg are to become acquainted with a unit club from one of those branches, namely the team of the Northway Motors of Detroit. Practically the same unit that played last year under the name of the Maxwell Motors, this bunch is the fastest stuff in Automobile City.

REMEMBER THIS
Samson plays the Northways Saturday at 3 p. m.; the Staleys Saturday at 7 p. m.; the Northways Monday morning at 10:15 and the Northways Monday afternoon at 2:15.
Staleys play in Beloit Saturday and Monday. The Northways play in Beloit Sunday.

At the present time outside of the "Tigers" of the American League, the Northway team has piled up a lead in the Detroit General Motors league whose membership includes teams representing such plants as the Buick, Chrysler, Packard and other light companies. These companies are old and established, and have developed some wonderful athletes. The team has been showing some of the highest type baseball in the middle west with the Northway bunch in the lead.

Being the first contest between two General Motors teams here, the rivalry is bound to be of the keenest. Northway evidently expects a tough battle because they rather dependable rumors tell us that they have sweetened their lineup by picking one or two stars from other teams in the league in order to clinch their prospects of carrying the burden of the long end of the score here. It looks like a chance to see some real baseball.

The culture of the bunch is told briefly in the fact that they went away with an even split last year. A little advance done on the bunch gives the following:

Pitchers: Six. The south-paw of no mean ability, formerly of the Southern Michigan and Canadian leagues, who will take the mound on Saturday, is St. Paul, formerly of the St. Paul American Association; Hall, another "St. Paul" product; Baumgartner, who played in the St. Paul American Association; and Grims, London, M. O. I. Gough, old Cleveland American league who also plays in the right garden.

Then there are F. Isaacs, the regular left catcher, ex-Dubuque, Three-I, D. Altman, catcher, who played in the St. Paul American Association; Western league; D. Stringer, third, a former Brooklyn National; A. Loos, catcher and first, ex-Vicksburg, Southern league; H. Conzett, left field, Pittsfield, Mass., Eastern league; D. Wein, right field, Hamilton, Canadian league; T. Smith, shortstop, ex-Dubuque (Three-I); G. Ott, second base, Portland of the Coast League; and D. Leffler, first baseman, from Mobile, Southern league.

On Sunday, the Staleys of Decatur, Ill., play here. The fans already know the strong lineup of this combination. They should be a big drawing card for the Sabbath.

Bill Lathrop will take the mound against the Northways on Saturday. On Sunday Dumont will do the twirling against the Staleys. Lathrop will go in again on Monday afternoon against Detroit. Monday morning, either Jack Watson or "Slim" Walsh will be seen in the box, with the probability being Jack for Walsh is to play and will be too tired to go in again in less than 24 hours. Walsh by the way is going strong. Pitching for teams around this part of the country as a team, from the Staleys, he has won his last three games.

This is a mighty big boxing with prospects that close on to 7,000 fans will see the four battles.

UNIQUE CONTEST AT COUNTRY CLUB LINKS LABOR DAY

One day elimination matches play contest for first and second prizes for men will be held at the Janesville Country club on Labor day. The prizes, a sterling silver cigarette case and a solid gold pair of cuff links for second, have been bought from the proceeds of the weekly assessments from sweepstakes games. This contest is new and unique for a one-day event. Considerable interest is expected and all players who have participated in the Saturday sweepstakes games are eligible.

RAIN CANNOT STOP DEMPSEY-MISKE BOUT

Benton Harbor, Mich., Sept. 3.—Rain will not cause a postponement of the heavyweight championship bout between Jack Dempsey and Bill Miske tomorrow afternoon. The fight, which is being promoted by promoter Fitzsimmons, is expected to draw a large crowd. The ring and a large part of the open-air arena will be covered with a huge tent. The weather is threatening, and the heavyweight rivals will go into the ring on schedule time.

The referee situation is expected to be cleared up today with the arrival of Thomas Higgin, chairman of the state athletic commission. Who is expected to be the third man in the ring, it is apparently certain that Jack Kearns, manager of the champion, will have much to say over the contest.

Gate Put at \$750,000
Promoter Fitzsimmons said the advance sale has netted \$50,000 and that indications were favorable for a total gate of \$750,000. The gate is not expected to be reached until the morning of the contest when rains and boats dump thousands of fight fans into the city from Chicago and other points.

Promoter Fitzsimmons said that to prevent the \$5 general admission seats from falling into the hands of speculators, it has been decided not to place these seats on sale until the morning of the contest.

Mostly Dempsey Money
Only a few scattering wagers have been made. Dempsey money is slight, but Miske dollars are scarce. One wager of \$5,000 at even money that Miske would win quickly. One bet of \$10,000 to \$3,000 was recorded that Dempsey would win.

George A. Barton, a sporting editor of Minneapolis, who refereed the first fight between Dempsey and Miske at St. Paul in May, 1918, in an interview today said Miske had a draw in their 10-round encounter.

"Under the boxing law in Minnesota, decided by the referee are not permitted but I unofficially called the contest a draw," said Barton.

"Those who gave the fight to Dempsey based their decision on the seventh round when Jack hit Billy on the chin with a terrific right uppercut."

Plan Big Membership Drive Here For City's Biggest Bowling Season

Bowling in Janesville is going to open with a great crash Oct. 1. Following the meeting of Tuesday night, the new officers held a session Thursday evening with the result that a whitening membership drive will be inaugurated at once to bring the total to at least 200 with hopes of shooting it much higher than that.

It is the plan to boost the sport here under the new regime by one of the finest civic advantages that the city can have. On the cleanest and most attractive indoor games and strictly American, it brings the men and women of town into closer friendship through league competition, creating healthy and most interesting rivalry. In campaigning the teams will seek to line up all business men and women in any way interested in the game, and others who are in a position to give the sport a big impetus. This contest is new and unique for a one-day event. Considerable interest is expected and all players who have participated in the Saturday sweepstakes games are eligible.

AILEEN DILLON BIG MONEY WINNER IN MILWAUKEE RACES

Milwaukee, Sept. 3.—After a thrilling event of six heats Aileen Dillon, a day mare, driven by Whitney took first money in the feature race, the 2:30 pace for the Chamber of Commerce \$3,000 stake.

Red Ben driven by McMahon took the first heat, with Kilo Watts taking the next two. Aileen Dillon then drove the mare a winner in the next three heats. The final heat was won by the driver and Kilo Watts, between the latter lay behind at the finish.

Driver McMahon caused a great deal of time killing by reckless starting, getting ahead of the "pole" at several times during the race. Starter Stone after finding his way out of it placed several lines up on this driver which amounted to \$25 in all.

The fastest time of the afternoon's racing was made by Simple C racing a mile track in 2:13 1-4.

Summary:
2:12 pace, stake \$1,000. 1 1 John T. (Allen) 2 2 Star Boy (Engelsby) 3 3 Concorde (Hill) 4 4 Kingdome (Hill) 5 5 Time 2:10 1/4; 2:08 1/4; 2:07 1/4.

New Men Enthusiastic
"Within the last two days inquiries have been coming into my office in such numbers," said James V. Roy, the new president of the City Bowling association, "that they indicate a great season. We shall have 50 cents. This will provide a greater fund for providing excellent trophies, medals and cash prizes. More than that it will keep the interest at top notch and urge the bowlers to better their form."

PREXY CUP PLAY NOW ON AT CLUB

The first matches for the president's cup are now being played at the Janesville country club. These must be played before Sept. 5. Following will be matches weekly with play for the cup finishing Oct. 1. Scores of these matches will be published each Monday.

Football may be brought into its own in Janesville this year if arrangements can be made to make it a combination Samson-Janesville affair. As a starter a general meeting open to the public and especially football players and fans, is being planned to be held next Wednesday night at some central location downtown.

George Perring, athletic director of the Samson plant, declared that the matter has had considerable thought by the Samson officials, but before anything definite is done sentiment of the fans will be taken into account. He stated that the idea is not to make it purely a Samson matter but to get some talent from local boys and make the team more of a Janesville one. Ralph Jones, former University of Minnesota star, and left fielder of the Sammys, may coach. Some players from the outside may be imported, but this is only being talked about. The big factor will be to get a good kicker.

ELECTION NOTICE

OFFICE OF THE COUNTY CLERK, SEPT. 3, 1920.

TO THE ELECTORS OF ROCK COUNTY:

Notice is hereby given that a Primary Election for State and County Officers is to be held in the several towns, wards and election precincts in the County of Rock on the 7th day of September, 1920, at which the officers named below are to be chosen. The name of the candidates for each office to be voted for, whose nominations have been certified to this office, are to be given opposite the title of the office and under the proper designation, each in its proper column.

INFORMATION TO VOTERS

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, the voter must retire alone to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. If a voter wishes to vote for some of the candidates of different political parties, he should make a cross mark under the name of each candidate he desires to vote for, or at any place within the space in which the name is printed. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. In voting for candidates for County Judge or Superintendent of Schools place a cross at the right of the names for whom you wish to vote, but vote for only one. The ballot should not be marked in any other manner.

If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so that the printed endorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth, or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter, and if he declares that he is totally blind he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are, for example as follows:

OFFICIAL BALLOT FOR PRIMARY ELECTION

Mark a cross (X) in the square at the right of the name of the candidate for whom you desire to vote, if it be there, that you wish to vote for in the proper place.

Said Primary Election will be held at the regular polling place in each precinct and the polls will be open in Janesville and Beloit at 6:00 in the morning and close at 8:00 o'clock in the evening. All other precincts from 9:00 A. M. to 5:30 P. M.

Given under my hand and seal at the Court House in the City of Janesville this 3rd day of September, 1920.

HOWARD W. LEE
COUNTY CLERK.

Shimmy Dance and Jazz Music Are Disappearing Say Dancing Masters

That the wiggle is being taken out of music and the shimmy out of the dance, that the blaring jazz which gymnastic players have shaken out of their instruments is being silenced and effectively ousted by tuncful and dignified music, is the testimony of George L. Hatch, who has just returned from New York where for the past week he attended the convention of the National Association of Dancing Masters.

"The fox trot and one step are here to stay, but the old-fashioned waltz, which has of late been wavering in the background of the stage is now back to the footlights once more," said Mr. Hatch. "No jazz is being danced at the best places in New York. No orchestras are playing such music. The saxophone is being used more than ever before, but it is being played in the easy manner for which it was designed."

When the orchestra breaks into the strains of "Until You Say Good-bye," "When I Look Into Your Wonderful Eyes," "The Love Boat," "Apple Blossom Time," or even "Miami," all of which are popular waltzes being played in New York at present, the floor will not be sprinkled with "has-beens" or old fogies who do not keep up with the new things, but it will be thronged with those trippers of the light fantastic who just last year were the slavish followers of Mr. Jazz. They are a kink crowd, however, easily deserting one friend for another with whom they have scarcely been on speaking terms.

One of the largest dealers in player rolls and records said that jazz music was only a fad, declared Mr. Hatch. The dealer claims that "The Blue Danube," has recently been his best

seller in the east.

New Dance Adopted

A new dance, called the Westeyon, was adopted at the closing session of the music masters' convention. It was worked out by a committee of five, of which Mr. Hatch was a member. The "Westeyon," according to his description, resembles the waltz, although it is somewhat slower and more graceful than the old-time minuet. It was adopted as a supplement dance to the one step fox trot and waltz, previously approved by the dancing masters. A description of the dance, the music for which was written in three-four time by Sam Lehman, conductor of the orchestra at Winter Gardens, is as follows:

Gentleman's part given here, partner counterpart: Left foot forward, count one; right foot forward, count two; left forward, count three; right forward, half turn, left foot to side, count two; draw right to left, count three; half turn to right, walk back right, back left, count one, two, three, right back, turning left to side, draw one foot to left, count one, two, three; left to side, count one, two; draw right to left, count three; left side, count one, two, three, right forward, making one waltz turn to right, count one, two, three, four, five, six. (Eight measures). Repeat from beginning, but starting with right foot for reverse turns.

IRISH SENTIMENT IS STRONG AGAINST RULE OF BRITISH

Dublin.—Intensity of public sentiment in Ireland against British rule is evidenced by the actions of the recently elected Sinn Féin local council. The council has decided that all the courthouses in the county shall be closed and the government officials resident in them evicted.

The Irish Volunteers have been ordered to see that no judges are allowed to enter the buildings for the purpose of holding any courts not recognized by the Dail Eireann, or Republican parliament. Some councils have passed resolutions to raise contributions for the maintenance of the Republican Army.

At Clarendon, County Mayo, the local council has adopted a resolution appealing to all Irishmen of military age to undergo a course of

training in the Republican army, and will not give any position in the service of the council to men who have not undergone such training. In other places the local councils have decided to cut off the water supply from the police and military barracks. At Ennis, county Westford, where this was done, the authorities promptly hit back and the council room was raided by police and soldiers.

Meetings have just been held throughout Ireland for the purpose of selecting the judges who are to preside over the Sinn Féin parish courts. These courts have jurisdiction in all cases under 100 in value, and it is intended that their judges shall eventually be elected by the votes of the people in whose districts they operate.

Pending the organization of electoral machinery for the purpose they have been selected by a conference composed of the members of the Dail Eireann for the constituency, the members of the County Council, one clergyman of each denomination from each parish, the members of the urban and rural councils, one representative of each

Sinn Féin club, one member of each company of volunteers, and one representative of each trades union body. The judges so selected are to act till December when there will be a regular election by ballot of the voters.

At Edinrick the police invaded a Sinn Féin court and seized the papers, but scores of hours are held every day and interference is not attempted because their time and place of meeting are usually kept secret except to the parties concerned. In some places, however, courts are held as openly as the Kings' Courts.

MONROE

[By Gazette Correspondent.]
Monroe—Mrs. Margaret Birmingham, Roman negress, was sentenced to three years in the federal prison for women at Jefferson Barracks, St. Louis, Mo., by Judge Louis Mizner, in the United States district court at Superior. She was convicted of using the mails to defraud. Post-office Inspector W. P. Esch was the government investigator who gathered the evidence that brought the

defendant's plea for guilty of the charge.

Quits Business

Karl Schmidt is retiring from the hotel business, having purchased a farm in Sylvester township. He closed the Monroe house to C. J. Schwartzlow, who takes possession Sept. 1. Mr. Schmidt will move this week to the farm, which is located three miles north of Joda. Mr. Schwartzlow will operate the hotel for the present.
